Experience

IT Support Technician
DXC Technology (Internship) Jan 2019 - Apr 2019
Diagnose and resolve hardware and software issues for desktops, laptops, printers, and COWs, troubleshoot operating systems and applications, and assist in maintaining and diagnosing network hardware, including firewalls, switches, and routers.

IT Technician
Wira Juta Sdn Bhd Aug 2019 - july 2020
Perform installation, maintenance, and upgrades of nurse call systems, RFID devices, and pneumatic tube devices, while providing technical support for hardware, software, and network infrastructure, including remote assistance via TeamViewer.

Marketing Team
Shell Livewire Brunei (Internship) Jan 2023 - Jun 2023
Organize and execute professional photo shoots, ensuring proper lighting, composition, and post-processing to meet company standards, create and edit visual content using graphic design software like Canva, Adobe Photoshop, and After Effects for impactful social media graphics, and participate in company training programs, including Leadership Camp and Masterclasses.

Web Developer
Mindtrex Academy (Part-Time) Aug 2023 - Aug 2024
Work with the design team to integrate visual elements into web applications, assist in developing responsive designs using CodeIgniter, perform testing and debugging for responsiveness and cross-browser compatibility, and collaborate with back-end developers to integrate front-end components.

Web Developer
Mint Sdn Bhd Feb 2024 - July 2025
Develop a visually appealing and responsive website by collaborating with the design team, conduct testing and debugging to ensure responsiveness and cross-browser compatibility, and work with a graphic designer to integrate front-end elements.
